Membership	Virtual	Virtual	Virtual/inperson for non-high-risk	NC

\* NC - No Change from current practices, assuming most activities are handled virtually or by telephone or email.

\* TBD - To Be Determined

\* High-risk populations are currently defined by CDC as: persons 65 years of age and older; people of all ages with underlying medical conditions (particularly not well controlled), including people with chronic lung disease or moderate to severe asthma, people who have serious heart conditions, people who are immunocompromised, people with severe obesity, people with diabetes, people with chronic kidney disease undergoing dialysis, and people with liver disease; people who live in a nursing home or long-term care facility.

#### Guidance for Individuals

All phases – Individuals should continue to:

- Engage in physical distancing, staying at least six feet away from other people
- Wear cloth face coverings in public places when not eating or drinking (cloth face coverings should not be placed on children younger than 2 years of age, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the cover without assistance)
- Stay home if sick
- Avoid others who are sick
- Wash hands frequently with soap and water (use hand sanitizer if soap and water are not available)
- Cover coughs and sneezes
- Avoid touching eyes, nose and mouth with unwashed hands
- Disinfect surfaces and objects regularly
